# Clients Reviews

Kevuru Games' flexibility and willingness to work quickly despite all issues resulted in a successful product upon first review. They produced good work, and the end product has positive reviews and no major crashes. They provided good feedback, and weren't afraid of making suggestions that would improve the end product.

**James Kucera, Former Head of Mobile Development, Bandai Namco America**

It was a pleasure working with Kevuru Games/. They're very professional and understand the slot business very well. On top of that, they had good suggestions regarding the animations and art style, which we incorporated into our games. I will definitely work with them in the future.
